CAREER OBJECTIVE

Full Stack Developer with 1 year of experience specializing in the MERN stack. Experienced in creating user-friendly interfaces, integrating APIs, and developing features for e-commerce platforms and dashboards.

PROJECTS

GainCards - Pokemon Card Marketplace | gaincards.com | (Confidential GitHub Repository)

Frontend | React, TypeScript, JavaScript, React Query, Tailwind CSS, Stripe, Axios, Shippo

- Built a full eCommerce platform where users can buy, sell, and donate Pokémon cards with role-based dashboards for Sellers, Buyers, and Admin.
- Integrated Stripe for secure payments and Shippo API to manage shipping and delivery options smoothly.
- Developed dynamic UI features like carousels and smooth scrolling for better user engagement.
- Implemented advanced search and filtering with React Query for seamless product discovery and optimized data fetching.

Shantix Corporation - Japanese Vehicle Export Platform | shantix-corp.com (Confidential GitHub Repository)

Frontend | React, TypeScript, JavaScript, React Query, Axios

- Built a complete car eCommerce platform where users can search cars, negotiate prices, and upload payment slips.
- Designed a full Admin Dashboard for managing cars, users, orders, inquiries, shipping schedules, and more.
- Ensured smooth communication flow between users and admins through price negotiation features and email inquiry system.
- Enhanced performance and user experience by implementing efficient state management and optimized API integration with React Query.

Khanar Dokan - E-commerce Platform | khanar-dokan.vercel.app | CLIENT REPO | SERVER REPO

Full-Stack | React, Node.js, MongoDB, Firebase, Stripe, Tailwind CSS, Stripe, Axios

- Developed a role-based food ordering system (User, Admin, Super Admin) with menu browsing, Stripe payments, order tracking, and admin controls for managing users, orders, reviews, and reservations.
- Built the frontend with React and Tailwind CSS, and backend with Node.js, Express, MongoDB, secured by JWT; used TanStack Query and Axios for smooth API handling.
- Delivered a secure, user-friendly platform that improved order management, payment processing, and empowered admins with full control over user roles and data.
- Implemented real-time updates and analytics for orders and revenue, enabling admins to monitor platform performance efficiently.
- Admin credential: admin@gmail.com /ASdf12@#

EXPERIENCE

CodersPoint – Chattogram, Bangladesh | 1 year (Running)

Frontend/Mern Stack Developer   oct-2024 - present

- Built user-friendly websites using React and Tailwind CSS
- Developed full web apps with MongoDB, Express, React, and Node.js (MERN stack).
- Connected frontend with backend using APIs and Axios.
- Implemented authentication and authorization using JWT, handling protected routes and user sessions.
- Collaborated with UI/UX designers to transform Figma designs into production-ready code.
- Worked with Git and GitHub for version control and team collaboration.

Dev Cluster – Dhaka, Bangladesh

Frontend Developer (Intern)   july-2024 - September 2024

- Completed a 3-month internship focused on frontend development.
- Contributed to building and optimizing responsive web interfaces.
- Gained hands-on experience with HTML, CSS, JavaScript, and React.js.
- Collaborated with senior developers to improve UI/UX design consistency.
- Demonstrated strong problem-solving and teamwork skills throughout the internship

SKILLS

Frontend: React.js, Next.js, TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, TanStack Query, React Hook Form
Backend: Node.js, Express.js, MongoDB, Firebase, REST APIs, JWT Auth, Stripe
Tools: Git, GitHub, VS Code, Vite, Netlify, Vercel, Firebase Hosting

EDUCATION

Bachelor of Science in Computer Science & Engineering   CGPA - 3.33
East Delta University **|** Chattogram, Bangladesh   2020 - 2024
Relevant Coursework: Data Structures, Algorithms, Database Systems, Software Engineering, Web Development

Higher Secondary Certificate (HSC), Science   GPA - 3.67
Chattogram Port College, Chattogram, Bangladesh   2019

Secondary School Certificate (SSC), Science   GPA - 4.67
Nimtala High School, Chattogram, Bangladesh   2016

EXTRA-CURRICULAR ACTIVITIES

- Founder of (Flair Of Decor)

INTERESTS

- Software Architecture & Scalable Systems
- Problem Solving & Algorithmic Thinking
- Product Development & User Experience
- Team Collaboration & Agile Methodologies
